

Muntons PRESS RELEASE

Local company wins prestigious “Green” award

Muntons plc based in Stowmarket Suffolk were chosen in a major national newspaper competition to be cited as one of the top green companies in the UK, winning second place in the food manufacturing category and 43rd position overall.

In this National competition, open to every company in the UK, achieving second place in the food and drink category was exceptional – as Alan Ridealgh, Managing Director of Muntons plc so succinctly put it: “This green award recognises the hard work and dedication shown by everyone at Muntons towards our environmental responsibilities.”

Alan added: “Our products are made from locally sourced cereals grown by local farms and therefore it is vital for our business to thrive and prosper that we have good working relationships with the farming community and that they continue to grow quality crops.”

He continued: “It follows therefore that environmental issues are of great importance and this is something that we are keen for all of our staff to understand and promote.”

Sunday Times best green company award

Of the top fifty companies receiving this prestigious award, Muntons plc were the only company based in East Anglia.

Muntons manufacture malt and malted ingredients used within the food and drink industry, ingredients that are used in many of the foods and drinks that are consumed everyday – breakfast cereals, confectionary, breads, beer, whisky, night drinks and even on our Great British fish and chips - malt vinegar!
